

RUGBY SCHOOL
THAILAND

PRE-PREP

KEY STAGE 1 CLASS TEACHER

for Immediate Start or January 2022

Rugby School Thailand

Partnered with Rugby School UK and sharing its 'whole person' vision, RST very successfully opened its doors in September 2017 and has now grown to over 800 pupils up to Year 13, including boarders.

Rugby School Thailand (RST), a co-educational day and boarding international school set in 80 acres of glorious Thai countryside south of Bangkok

The structure, school day and ethos of RST is based upon the British independent School model, rather than the standard international school model. As such, the school has three sections: Pre-Prep (2-6 year olds), Prep (7 – 12 year olds) and Senior (13 – 18 year olds).

The Pre-Prep

The Pre-Prep comprises 5 year groups: Pre-Nursery, Nursery, Reception, Year 1 and Year 2. There are currently 214 pupils in the Pre-Prep. The average size of a class is 16 for Early Years and 18 for KS1. The capacity of the Pre-Prep is c. 300. The normal school day runs from 8 am to 3.15 pm, with Activities and After School Care offered thereafter.

Rugby School Thailand Pre-Prep has its own classroom building with a capacity of 300 pupils. It houses 20 spacious classrooms each with its own additional collaboration area, as well as dedicated spaces for Music, Library, Soft Play, EAL and Learning Support. A large multi-purpose Hall can be configured for music/drama performances, assemblies, and indoor activities. An internal courtyard (The Oval) complete with tepee has been designed as an area for reflection, quiet games, reading and small group work.

Immediately outside the Pre-Prep there is a shaded activity area, which is also accessible via a slide from the upper floor! This incorporates age-appropriate climbing frames, a dedicated Nursery play area, multi-use games area, and a track for 'balance bikes'.

Adjacent to this area the Pre-Prep has its own learner heated swimming pool with beach entry and water splash zone; and just beyond this lies our extensive grass playing fields.
